When charter schools save money, students win. That's why we've joined together with 25 other state-based charter support organizations and our national group purchasing partner, BuyQ, to negotiate deeply discounted prices and other charter-specific benefits on the products and services your school relies on.

Why purchase through our contracts?

Our vendors know charter schools.

Our vendors work with charter schools every day and can help you make smart decisions within your budget.

You'll save money.

By leveraging the purchasing power of 5,000+ charter schools, we've negotiated discounts of up to 85% off retail and other benefits, like free, next day shipping and extended payment terms, you just can't get buying on your own.

You'll save time.

Our vendors are selected through an open, competitive RFP process and vetted by a national committee of charter school representatives to save you time and effort.

As a member of the DC Association of Chartered Public Schools, your school is automatically entitled to use our group purchasing contracts. There is no additional fee to participate. Visit the vendor links provided or contact us to learn how you can take advantage of this unique member benefit.
